

LANE COVE SECURITY

DMSS

1. Internet Connection

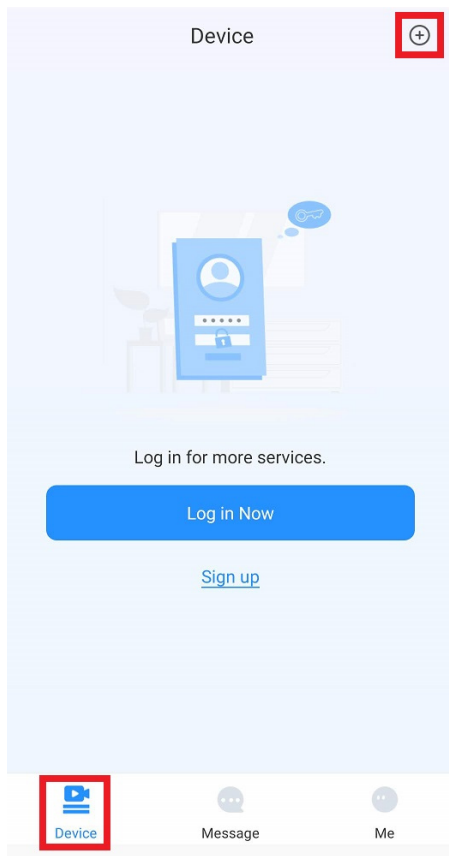

- The NVR/DVR must be hard wired to your router via Ethernet, Dahua NVR/DVR's **do not connect via WiFi**. If your NVR/DVR isn't connected to the internet please contact us.
- Go to **Network > P2P**.
- **Make sure P2P is enabled** and the **Status is "Online"**.
- You'll also see a **QR code** here.

2. DMSS Mobile App "Sign up First"

Go to:

1. Tap the **“+” icon** at the top of the **Device** screen.

- Select **SN/Scan**.
- Use your phone to **scan the QR code** shown in Step 2.
 - Or tap "**Manually Enter SN**" if needed.

- In the "Device SN and Security Code" screen:
 - Ensure the **Serial Number (SN)** is entered.
 - Select **Local** (adds only to this phone) or **Account** (adds to DMSS account).
 - Tap **Next**.

- Choose the **type of Dahua device** (e.g., NVR, DVR, Camera).
- Enter:
 - **Device Name** (any name you like)
 - **Username** (usually "admin")
 - **Password** (your device login password)
 - Tap **Save** at the top.

3. Live View

- You should now see the **Live View** from the device.
- If not, recheck the serial number, P2P status, or login credentials.
